

# LOOKING FOR A FOREVER HOME OR A FOSTER HOME FOR JACK & DIANE

The story of these two sweet and beautiful pitbull mixes is both heartwarming and heartbreaking. They were found in October 2011 behind a building in Chula Vista with their two puppies. They were suffering from extreme starvation and dehydration and were hours away from death. These dogs were meant to be found and they were meant to be loved!

Jericho's Promise Animal Rescue kindly took Jack & Diane in and nursed them back to health.

Jack & Diane are so bonded and devoted to each other. In a perfect world they would find their forever home together. Unfortunately, the situation is getting beyond desperate. We need to find a home for Jack & Diane as soon as possible. If that means they need to be separated we are willing to consider that as an option.

**THEY ARE NOW**

**HAPPY AND HEALTHY!**
